*Dear Congress Participant,*

The Congress is coming fast and we would like to give you some important information.

***Arrival*** in Budapest

This year Hungary joined the Schengen Zone. Passengers commuting within the zone will not have to undergo border control procedures. Passengers arriving to Hungary from a non-Schengen country will still have to undergo border control procedures.

*By air:* Terminal 2A at Budapest Airport handles Schengen and Terminal 2B non-Schengen traffic.

On 13 and 14 May a guide will help those arriving at Budapest Airport (Terminal 2A). You will recognize her by the cover picture of the Announcements of the congress. She is going to help you find your way to the congress.

Upon arrival take the airport minibus to the city [www.airportshuttle.hu](http://www.airportshuttle.hu). The price of a single journey to any place in Budapest for 1 person is HUF 2,490 (appr. EUR 10), for 2 persons HUF 4,490 (appr. EUR 18).

Zona Taxi [www.zonataxi.hu](http://www.zonataxi.hu) is the official taxi company of Budapest Airport, offering fixed price zones for the travellers.

*By train:* Metro stations are located at the main railway stations: 'Keleti' i.e. Eastern railway station is on line M2, 'Nyugati', i.e. Western railway station is on line M3. Should you prefer taxi service, we suggest company taxis (City, Tele5, 6X6, etc.).

***Public transportation to Visegrad***

*We would like to call your attention to a special opportunity.* Visegrad lies in the Danube Bend and can be reached on the river by **hydrofoil**. We are happy to offer the congress participants this service at the price of EUR 10.00.

Departure from Vigadó boat station (Budapest) at 11:30, arrival in Visegrad boat station at 13:00. Should you wish to take this opportunity, you are kindly requested to inform us by return of e-mail. Minimum number of participants: 20.

To contact the congress bureau please call +36-1-301-2000 or +36-20-365-3616.

***Textbooks at the congress***

SpeedUp Ltd. offers three outstanding textbooks of breast pathology at a reduced price:

*Preneoplasia of the Breast* by W. Böcker

*Benign Breast Diseases* by C. Chinyama

*Practical Breast Pathology* by T.Tot

For more details please [click here](#).

After the last session on 16 May the organizers will *raffle off the three books* among the participants. Should you wish to take part please note that you have to be present during the raffle.

***Departures***

Transportation assistance will also be provided upon departure. For details please contact the registration desk during the congress.

We hope the above information is helpful and look forward to meeting you soon in Visegrad. Should you have any questions or queries please do not hesitate to contact us.

With best regards

Katalin Matray  
Head of the Congress Bureau
