

# XVth Balkan Congress of Radiology

Saturday, 14 October 2017

<p><b>09:00-10:30</b></p>	<p><b>Thoracic imaging and Interventions</b></p> <p>Moderators: N. Mitreska, M. Nedevska</p> <p>Management of solitary pulmonary nodule an update. O. Straciuc / RO</p> <p>How to report a HRCT. N. Mitreska / FYROM</p> <p>Pulmonary embolism imaging, guidelines and updates. C. Atasoy/ TR</p>	<p><b>Lump in the Breast</b></p> <p>Moderators: B. Brkljacic, I. Fezoulidis</p> <p>Preoperative MRI. E. Vassiou / GR</p> <p>Rare breast lesions. D. Bogdanovic Stojanovic / RS</p> <p>Radiological assessment of neoadjuvant chemotherapy for breast cancer. V. Beslagic / BIH</p> <p>4.Postoperative breast MRI after cancer surgery. B. Brkljacic / CR</p>	<p><b>MSK-, Trauma and Sport Injuries</b></p> <p>Moderators: E. Ilieva, B. Ergen</p> <p>MRI of patella and knee injuries. V. Njagulj / RS</p> <p>Muscle and tendon injuries at lower extremity. Ü. Kerimoğlu / TR</p> <p>MRI of vertebral collapse-How I report. E. Ilieva / BG</p> <p>Sport injuries of elbow joint. N. Sabirfron / TR</p>
<p><b>10:30-11:00</b></p>	<p><b>Coffee Break</b></p>		
<p><b>11:00-12:30</b></p>	<p><b>Cardiac Imaging</b></p> <p>Moderators: R. Maksimovic, V. Groudeva</p> <p>Cardiac venous anatomy-evaluation with CT. V. Groudeva / BG</p> <p>Coronary CT beyond coronaries. A. Santa / RO</p> <p>MRI in myocarditis. R. Maksimovic / RS</p>	<p><b>Abdominal II / Acute Abdomen</b></p> <p>Moderators: P. Prasopoulos, Z. Siric</p> <p>Imaging and intervention of acute pancreatitis. C. Triantopoulou / GR</p> <p>Imaging in acute appendicitis: what, when, and why? M. Secil / TR</p> <p>Imaging in diverticulitis. Z. Siric / RS</p>	<p><b>Oral PS (Neuroimaging)</b></p> <p><u>Introductory Lecture:</u> Tips, tricks and pitfalls of stroke imaging OR Emergency neuroradiology; case based review. K. Yamada / JP</p> <p><u>Introductory Lecture:</u> How can we discover congenital brain malformations? P. Barsi / HU</p> <p>A new intracerebral hemorrhage volume calculation method and comparison to ABC/ 2. F. Cuce / TR</p> <p>Cognitive functions and absorption features of the gamma quanta of the natural background radiation in the physiological aging of the central nervous system. S. Turuspekova / KZ</p>

# XVth Balkan Congress of Radiology

<p><b>12:30-13:30</b></p>	<p><b>Future of Radiology - Satellite Symposium</b></p> <p>Radiology 2025. R. Illing (Affidea)</p> <p>Future of radiology from Healthineers. M. Deutschmann (Siemens Healthineers)</p> <p>Future of radiology from key performance indicators to artificial intelligence. V. Sakkas (GE)</p>		
<p><b>13:30-14:30</b></p>	<p><b>Lunch Break</b></p>		
<p><b>14:30-16:00</b></p>	<p><b>Painful Joint</b></p> <p>Moderators: N. Elmas, B.Ergen</p> <p>Painful shoulder. B. Ergen / TR</p> <p>Axial spondyloarthritis. A. Oktay / TR</p> <p>Degenerative cartilage disorders. S. Orguc / TR</p> <p>The effect of hyperlipidemia and hyperglycemia on total rupture of supraspinatus tendon and additional MRI findings. K. Cifci / TR</p> <p>Strain index values in the ultrasonographic evaluation of psoriasis. M. Sait Menzilcioglu / TR</p>	<p><b>Head and Neck</b></p> <p>Moderators: N. Traykova, E. Papadaki</p> <p>Imaging of facial skeletal trauma. A. Cengic / BIH</p> <p>Laryngeal carcinoma. S. Petrovic / RS</p> <p>Update on imaging of malignant head and neck tumors. E. Papadaki / GR</p> <p>Temporal bone lesions. N. Traykova / BG</p>	
<p><b>16:00 - 16:30</b></p>	<p><b>Coffee Break</b></p>		
<p><b>16:30-18:00</b></p>	<p><b>Polytrauma</b></p> <p>Moderators: D. Cokkinos, G. Forrai</p> <p>MDCT protocols for polytrauma patients. A. Palko / Hu</p> <p>Emergency imaging of abdominal trauma: Contrast enhanced ultrasound or CT? D. Cokkinos / GR</p> <p>Trauma intervention: How to manage. Y. Nakajima / JP</p>	<p><b>Oncologic interventions-(no Liver and HBSystem)</b></p> <p>Moderators: M. Totev, S. Stojanovic</p> <p>Lung ablation. M. Krokidis / GR</p> <p>Palliation of malignant gastroduodenal obstruction. D. Akinci / TR</p> <p>Percutaneous image –guided ablation of bone and soft tissue tumors: An update. D. Filippiadis / GR</p> <p>Percutaneous ablation of renal cell carcinoma: Where do we stand now? S. Stojanovic / RS</p>	

# XVth Balkan Congress of Radiology

<b>18:00- 19:00</b>	<b>Image Interpretation Session / Moderator: M. Secil (Izmir/ TR)</b>
<b>19:00</b>	<b>Closing Ceremony and Awarding</b> Dr. Tsvetelina Teneva: Radiology Trainees Forum of ESR Prof. Dr. Dimitrios Tsetis: Awards and closing remarks Prof. Dr. András Palkó: Farewell
